### ***Salem Campus Program Offerings:***

- Medical Office Administration Billing and Coding - IDL
- Practical Nursing - IDL
- Professional Medical Assistant - IDL

### **LOCATION AND DESCRIPTION OF THE FACILITIES/EQUIPMENT:**

The main campus of Institute of Technology (Salem) is located at 4700 Silverton Rd. NE in Salem, Oregon. The 13,200 square foot building was officially added to the original campus in 2011. The \$1.5 million expansion more than doubled the schools footprint and includes a dedicated nursing lab, Learning Resource Center (LRC), multiple classrooms and labs for current and future program use., as well as over 100 parking spaces.

The main campus also houses the schools administration , student support services and financial services. A large component of our programs involves hands-on training. This is accomplished in the computer labs, medical labs and with students cooperative work experience or externships; for the Practical Nursing students this includes clinical rotations at a variety of nursing facilities. Practical application in well equipped labs with updated materials provides students the opportunity to access information and knowledge requisite to succeed in their chosen field.

### **Current Offered Class Schedules by Program**

#### ***Medical Office Administration Billing and Coding - IDL (MOABC-IDL)***

This is a hybrid program. Classes are conducted on-campus and online for 40 weeks. On-campus attendance is required at least one day per week during each academic week (Monday through Sunday). Available class sessions are identified in the table below (a schedule of required on-campus days can be located within this addendum). The MOABC-IDL program includes a 160-hour Externship component; please note that Externship hours may vary and/or may be different than scheduled on-campus class days and times.

#### ***Practical Nursing - IDL (PN-IDL)***

This is a hybrid program. Classes are conducted on-campus and online for 50 weeks. On-campus attendance is required at least one day per week during each academic week (Monday through Sunday) for terms 2 through 5; hours will vary depending on the term but will not exceed 6 hours. Available class sessions are identified in the table below (a schedule of required on-campus days can be located within this addendum). The PN-IDL program includes a 210 hour Practical Nursing Clinical Practicum; please note that off-site practicum hours may vary and/or may be different than scheduled on-campus class days or times.

#### ***Professional Medical Assistant - IDL (PMA-IDL)***

This is a hybrid program. Classes are conducted on-campus and online for 40 weeks. On-campus attendance is required at least one day per week during each academic week (Monday through Sunday). Available class sessions are identified in the table below (a schedule of required on-campus days can be located within this addendum). The PMA-IDL program includes a 160-hour Externship component; please note that Externship hours may vary and/or may be different than scheduled on-campus class days and times.

## Hybrid (IDL) Program and On-Campus Schedules

In a hybrid program, classes are conducted on-campus and online. On-campus attendance is required at least one day per week during each academic week (Monday through Sunday); except during the first term of the PN-IDL program. All other attendance is identified as “active engagement”.

Active engagement at Institute of Technology is defined as a submission of an assignment to the gradebook, completing a quiz (Mastery Exercise), posting a response to a Discussion Board, or responding to a instructor/peer post on a Discussion Board.

Active engagement will be monitored on a weekly basis (Monday through Sunday). Students who have missed one (1) on-campus day and/or who have not actively engaged for five (5) consecutive days in an online environment will be sent an AT-RISK notification requiring them to meet with a Campus Official for Academic Advising.

Regardless of learning platform (online or on-campus) any student absent for seven (7) consecutive days in a hybrid program will be dismissed. And **any** student who is absent for 14-consecutive calendar days from their last date of attendance will also be dismissed (from the specific course and/or program).

Below is the on-campus hybrid (IDL) schedule requirements by program:

### Program Class Times

## Enrollment Cost Breakdown

Tuition charges are based upon periods of financial obligation. The period of financial obligation for a term based program is one term. The period for a module based program is defined as successful completion of at least half of the units and half of the weeks in the defined academic year.

Should a student withdraw prior to advancing to the next period of financial obligation, the student's account will be adjusted accordingly.

When a student begins a period of financial obligation, but withdraws prior to the completion, the refund policy will be applied to that specific period of financial obligation.

The program cost includes a \$25.00 registration fee. Please refer to the main catalog (and/or any addendum updates) for additional information regarding Institute of Technology Student Withdrawal and Refund Policies.

## VA Catalog Addendum

### Institute of Technology VA Catalog Addendum 2024 Course Catalog

*Revised January 25, 2021*

#### **Evaluation of Previous Education and Training, CFR 21.4256(d)(3):**

This Institution will conduct an evaluation of previous education and training for all eligible veterans, grant credit when appropriate, shorten the training length proportionately, and notify the VA and the student accordingly.

#### **Satisfactory Academic Progress, CFR 21.4253 - Course Catalog, Qualitative Evaluation, Page 43-47:**

Students must complete each class in the program within a minimum Grade Point Average of 2.0 (70% or 75%, the equivalent of a letter grade of C) or higher. Students are expected to maintain a 2.0 cumulative GPA. If a student is not maintaining a 2.0 cumulative GPA (70% or 75%) when measured at the end of the term or module the student will be placed on Academic Probation Warning for failure to meet standards until the end of the next term or module. During the Academic Probation Warning period students must resolve the issues that resulted in being placed on Academic Probation Warning. Students who are not successful during the Academic Probation Warning period can follow the institutions appeal process and remain in school for an additional grading period defined as the Academic Probation period and still be eligible for financial aid. Students who cannot meet the Satisfactory Academic Progress standard at the end of the Academic Probation period, will be terminated from the program. Students receiving VA benefits will receive benefits for the approved program length, not the 150% maximum time frame.

#### **Clarification of Probation Policy - Course Catalog, Page 44:**

At the end of the probation period, if a student has not satisfied the specific requirements outlined in the specific violation, the student will be terminated and will lose his/her eligibility for Student Financial Aid and VA Benefits with the exception of an approved appeal.

However, the student will remain eligible for Financial Aid and VA Benefits while he/she is on probation. Under no circumstances, however, will a student be allowed to remain in school if they have attempted more than 72 term credits or failed three modules.

#### **Student Deployment Policy**

Military students and their spouses called to active duty or deployed from their home station while enrolled in the Institute of Technology will be allowed to withdraw from the currently enrolled module/term/payment period by providing a copy of military orders. All tuition charges/ payments related to the module/term/payment period that is interrupted and re-entry fee(s) will be waived for returning military service. Furthermore, students who are hospitalized/convalesced due to service related injury or illness will be allowed to return to school within 2 years of recovery without being assessed applicable tuition increases and/or re-entry fees. Re-entering students should contact Student Services to ensure a smooth transition back to an active student status. Current tuition and policies (or policy revisions) for military students will apply to all returning students upon re-entry.

#### **Certification of Enrollment Periods**

The institution is required to report the official start and end date of each module or term in VA-Once. The school is also required to report breaks of 7 days or more. Please be advised that students receiving BAH will not be paid for days between modules, terms or breaks of 7 days or more.

#### **Independent Study**

VA students will complete the required independent study component in both a virtual (online) and campus-based environment, including lab, with instructor supervision.

#### **Tutoring**

Per (38 CFR 21.4236) VA may pay tutorial assistance to a student receiving benefits under chapter 30, 35, or 1606, or chapter 33. The purpose is to help students pay for any necessary tutoring. The allowance is a supplement to the claimant's monthly educational assistance allowance. For further information, please visit the Financial Aid office.

#### **Public Law 115-407: Sections 103 and 104**

All individuals who are entitled to educational assistance under chapter 31, Vocational Rehabilitation and Employment, or chapter 33, Post 9/11 GI Bill® benefits (subsequently referred to as "covered individual") may attend or participate in the course of education during the period beginning on the date on which the individual provides Institute of Technology a Certificate of Eligibility for entitlement to educational assistance under Chapter 31 or 33 (a "certificate of eligibility" can also include a "Statement of Benefits" obtained from the Department of Veterans Affairs' (VA) website - eBenefits, or a VAF 28-1905 form from chapter 31 authorization purposes) and ending on the earlier of the following dates:

- The date on which payment from the VA is made to the institution.
- 90 days after the date the institution certified tuition and fees following the receipt of the certificate of eligibility.

Institute of Technology will not impose any penalty, including the assessment of late fees, the denial of access to classes, libraries, or other
